

OUR COMPANY

Insight Property Services provides home performance testing, home inspections, and home performance training in the Chicagoland area. We provide high value services for contractors, home owners, and investors.

Insight uses the principles of Building Science and "Home as a System" to provide home and property owners and contractors with the comprehensive knowledge needed to reduce home energy needs, increase comfort, maintain structural integrity and operations, and analyze utility costs.

Insight's training courses prepare contractors and other employees to cost effectively meet new building code requirements, to improve the performance of existing homes safely, and to earn certifications required by state and utility sponsored incentive programs.

OUR SERVICES

Home Energy Audits

Building Consulting
Blower Door Testing
Infrared Inspections

BPI Envelope Professional

Insight Property Services is an experienced BPI training organization and Test Center. Earning the Envelope Professional Certification will prepare you and your company to perform full service home performance contracting or utility efficiency participation.

Quantify performance and prescribe improvements to help tighten the building envelope (shell), stop uncontrolled air leakage and optimize comfort, durability and HV/AC performance.

In this course, you will learn:

- Review of fundamentals of building science necessary to improve home performance
- The use of diagnostic equipment used to measure and verify performance improvements
- Principles and techniques of Combustion Safety: Test-In and Test-Out requirements
- Calculation and implementation of proper ventilation strategies of home and adjoining spaces
- Understand problems relating to the home's envelope, such as moisture, ice dams, mildew, and drafts
- Proper application and performance of different types of insulations
- Diagnose home energy efficiency issues
